EXECUTIVE SUMMARY
<p>Visionary Consulting Partners, LLC provides a wide range of consultative services designed to increase the ability of healthcare providers, community based organizations and public health agencies to design, implement and manage comprehensive health promotion programs and health behavior interventions. Visionary also provides information technology solutions for healthcare delivery and business process challenges, as well as project and program management services.</p> <p>Founded in 2008, Visionary is a woman- and veteran-owned firm which focuses on underserved populations. We are small enough to provide the personal touch to meet each client's needs and flexible enough to meet the complex and dynamic challenges of both government and private sector healthcare.</p> <p>Visionary believes that the solution for the complex healthcare problems faced by our nation today requires exceptional knowledge and experience, coupled with compassion and empathy for the beneficiaries of health care services. At the core of all that Visionary does is passion for the work, respect for our clients, integrity and dedication to improving the lives of the beneficiaries.</p> <p>The principal consultants of Visionary have over thirty years of experience respectively in disease management, health promotion and health education, health administration, health information technology and management as well as management of large-scale projects. Our team of consultants has expertise in health education and training, clinical research and statistical analysis, communications, marketing and partnership development.</p> <p>Our mission is to provide effective, innovative, and pragmatic solutions for promoting wellness, improving health and quality of life. We welcome the opportunity to serve and support your organization's mission.</p> <p>To learn more about Visionary, visit our website: http://www.vcp-llc.com/index.htm</p>
